

Since the launch of our Moodle site in September, we have been working to improve and extend the information and learning resources available to all students, including those part time adults not based at the main site.

This information includes:

Course specific resources, and links to recommended websites

Library and learning resources area, including library catalogue (Heritage)

Help for students – find out more about what support is available, what's going on in tutorial and how to get the best careers and HE advice

What's happening in college, the student bulletin, calendar, exams timetable and student council news

Opportunities for you to ask questions or feedback on any aspect of your experiences at New College

We welcome your ideas on the next stages of development. Please email [jon whale](mailto:jon.whale@newcollege.ac.uk)
